

5. For alteration and rehabilitation work, A-E fee percentages listed under New Work (Col A) may be increased 25 percent to support required reproduction and investigative services other than design. Note that design services are limited in all cases to 6 percent by law.

6. For new construction, where State contracting requirements exceed the NGB fee percentages listed under New Work (Col A) and Site Adaptation (Col C), the A-E fee percentages may be increased by 1 percent point for reproduction and investigative services other than design. This increase can only be authorized on a case by case basis upon request and necessary justification. Design services are limited in all cases to 6 percent by law.
